Objective: Discuss Ecology meeting materials ahead of June 3 meeting with Ecology.

Hi Sarah

It would be great if you could set up a call today with Dave and John. A quick look at their calendars shows there may be a time between 5 PM and 5:30 Eastern time that might work, though it is only tentatively available on Dave's calendar.

\*DRAFT-DELIBERATIVE\*

Hi Helen,

I noted that the materials you attached (reattached here) appear to be missing elements of background and two key issues (TMDL endpoint or CFA pooling issue and border issue) included in the draft issue paper (also reattached and appendix) I provided to you May 16 and May 20 (below).

We have concerns that the "Model results." and "Daily Maximum Criteria Assessment." and brief mention of the TMDL endpoint or CFA pooling issue and border issue on the agenda may not be consistent with what we agreed to during the April 30<sup>th</sup> call.

If you would like to discuss this today, I can work with you, Dave, and John Goodin to make time for a quick call. Please let me know--John's schedule is packed today.

Sarah

**Subject:** RE: Ecology Meeting materials

Hi Sarah

I have re-scheduled the meeting with Ecology for the 3<sup>rd</sup> of June and I think we should try to get them the materials by the 29<sup>th</sup> so they have an opportunity to review them. Would that be sufficient time for your review and comments? If that won't work we will need to reset the meeting into July, after Ben Cope returns from leave.

Have fun on your time off.

Helen
